Private Function

This function is used where the same code will be repeatedly used, e.g. an employee with their own locker in the workplace. Changing or resetting the code can be completed easily whilst the lock is still on the door, or if the code has been forgotten it can be retrieved using the master key (sold separately - combination only).

Public Function

In this setting the lock operates with a single User Code. The user enters a personal four-digit code. This locks the lock. The same code is entered once only to open the lock before automatically being erased and ready for the next user. This function is used for short-term, multiple occupancy applications, e.g. a locker in a Gym/Sports club or work place that is used by multiple people.

MD SERIES MULTI DRAWER CABINETS

MD0604G

MD0304G

MD SERIES MULTI DRAWER CABINETS are the perfect solution for organising and storing A4 documents; ideal for fast access to documents in a busy work environment.

The MD Series Cabinets are designed to securely store and organise A4 documents. The unit features central key locking which secures every drawer when locked, and individual name plates for easy identification of each drawers contents. Each drawer can be opened 100%, allowing for full viewing and ease of access when adding or removing documents. The MD Series Cabinets are finished in a high quality grey (RAL 7035) powder coated paint. Maintain GDPR Compliance at home or in the office by keeping your company's vital and important records secure and protected.

- High quality unit
- Central key locking
- Stainless steel handles
- 5 or 10 drawer options

SCL SERIES STEEL STORAGE CUPBOARDS

SCL1891GG

SCL1491GBK

SCL0891GRE

SCL SERIES STEEL STORAGE CUPBOARDS are the perfect storage solution for documents and folders, office supplies, stationery and more; ideal for a busy work environment.

SCL Series Steel Storage Cupboards can hold up to 44 A4 folders and are available with key locking or a high quality electronic lock. The electronic lock is programmable with users own 4 digit code which can be easily changed when required. With a maximum shelf load capacity of 60kg, the cupboards are perfect for multiple applications; whether that be storing stationery or documents in the office, keeping stock secure in the warehouse, or archiving away a large volume of documents. The cupboards are finished in a high quality powder coated grey paint (RAL 7035), with the option of striking red (RAL 3000) or blue (RAL 5015) doors, to add a splash of colour to your workspace. SCL Series steel storage cupboards are delivered flatpacked with the option of a delivery, build and position service. Maintain GDPR Compliance at home or in the office by keeping your company's vital and important records secure and protected.

- High quality unit
- Key or electronic locking
- Easily adjustable shelves
- Available in 3 colours
